After a thorough review of the Governor's Phase Two guidance released on Tuesday evening, we are excited to announce that the pool will open this Friday. However, given the dynamic COVID-19 situation facing us, the pool will not yet look like normal. As outlined by the Governor, we must implement the following mandatory requirements or remain closed.

Please be patient with us as we implement these procedures. We will continue to monitor the Governor's Executive Orders in order to update/adjust these procedures. The health and safety of staff and membership is our number one priority.

Under current Phase II guidance, social gatherings cannot include more than 50 people, and the pool can be open for lap swimming and exercise only.

- Please practice social distancing when entering the pool gates and on pool deck.
- Please call ahead (757-930-0939) to check how many people are at the pool.
- Chairs are spaced 10 feet apart. The fence is marked by a zip tie where the chairs need to remain.
- All gates will remain open to enter/exit – please practice social distancing when others are present. Everyone must sign in!
- Lifeguards will now blow the whistle 15 minutes to the hour every hour with no adult swim in order to thoroughly clean.

Until further notice:

- The baby pool is closed
- 4 lanes and the shallow end are available for lap swimming and water exercise
- No floats or toys allowed
- The diving board, basketball hoop, and playground are closed
- The water station is not available. We encourage you to bring your own water bottle.
- Lifeguards will sign you in. You must sign in with the lifeguards so staff can monitor the total number of people at the pool.
- No outside food or drink is allowed on the pool deck. Food purchased at the pub/club will need to be eaten outside of the fenced area
